Today i'm writing
Every little wonder
Things I had never seen
Nothing makes much sense now
Ah, ooh oh no
Was it I who's never here?
Something felt so out of place
Today the world came crashing down

La la la, ooh

Say i'm just crazy
Maybe that is true
Oh
Maybe i'm just like you
Hey, we're all the same
Oh
Maybe i'm a murderer
In a different way
Oh
Maybe i'm just watching
All these little days

Today i'm writing
Every little sorrow
Later i'll erase it all
When i'm feeling better

It's a shame, it's a shame, it's a shame I didn't now

Say i'm just crazy
Maybe that is true
Oh
Maybe it's dysphoria
Something bothers me
Oh
Maybe it's hysteria
In a different way
Oh
I'm just always chasing what I never had

Say i'm not crazy
Then what could i be?
Oh

Maybe i'm a maniac
For unreal things
Oh
Maybe i'm the murderer
Of my only me
Oh
Maybe i'll lay down and
Sleep another day

La la la, ooh
